BOLTON

Miss Annette Ross entertained a company of friends at her home Saturday afternoon in celebration of her birthday. Miss Margaret Daley was in Ellington Friday with her pupils, Tina Gagliardi, who was chosen as the best in the speaking contest between the Bolton schools last winter, to attend a speaking contest held among the representatives of schools from several towns. The two judged as the best in the contest were pupils of the Ellington school taught by Miss Elizabeth Day of Bolton.

Morgan Alvord, son of Prof. and Mrs. Samuel M. Alvord, has been awarded honors for high standing for his first term at Yale university. He stood eighth in the class of 1921.

Mrs. Charles N. Loomis' brother, Thomas Hickman, 76, of Pittman, N. J., died recently from heart trouble. Mr. Hickman is survived by a widow, children, one brother and a sister, Mrs. Loomis, whom he visited recently.

Miss Ruth Jones has returned to her school in South Manchester after a week's stay at home.

Miss Jennie Bausola of South Manchester, teacher in the Mountain school, has had to close her school and is in the Hartford hospital, where she has an operation for mastitis.

Miss Helen Weston of Hartford spent the week in town.

All of the sure signs of approaching spring are here, robins, bluebirds, frogs, and the auto driver with more courage than good luck, in search of someone with a team to draw him out of the mud.

SOUTH WINDHAM

Men from Windham have been winning the church the past week.

Walter Appleby of Waterford is at the home of his aunt, Mrs. W. P. Barstow.

DANIELSON AND PUTNAM NEWS

DANIELSON

The Bulletin is requested to carry this morning that either Agent Osgood Butler or Superintendent Amos Morin, of the Connecticut Mills company, have resigned or even contemplated doing so. Mr. Butler is vice president of the fabric concern. Denial is also made of the statement that the company has sold its Main street mill, formerly the Danielson Cotton company's plant.

Stories of the sale of the mill and of the resignation of the officials mentioned have been in general circulation for the past two days. Mr. Morin said Tuesday morning that there was not a grain of truth in any of them; that he has no intention of resigning and going to Canada or anywhere else. He expects to remain with the Connecticut Mills company indefinitely and the same applies to the case of Mr. Butler. He said. He asked that the stories be denied as absolutely untrue.

Danielson seems to be particularly afflicted of late with groups having a penchant for circulating big "inside news" stories. It is not working for him. He is doing his best to sell all the mill properties in town, but they have not been sold. He has sold a dozen more times during the afternoon and early evening. Million dollar deals are mere trifles to them. They discharge mill presidents and elect new ones while you wait, and do it for the mere mental exercise of working. Verily, nothing escapes them. There will not be the slightest surprise any morning to find that they have sold the New Haven road to the East Killbuck Road. The planing club or have decided to exchange all the Liberty bonds in the country for pink trading stamps. It has been said that when a man is working he is doing something else. At the present time "something else" seems to be talking nonsense. Such stories as the ones here denied are not calculated to do the corporation or persons to whom they are told, and the same is true of many other stories of a similar nature that have been circulating here of late.

P. S.: The publication of the foregoing is not expected in any way to help cure the gossip of "repeating" ridiculous stories. This is too much to hope for; it simply can't be done!

Danielson's new supply company may be called out for duty Thursday evening of this week to handle the crowds that are expected to storm the town hall building for a chance to see a basketball game.

It is just kind of a "leaked-out" Tuesday night preliminary game scheduled to be between the team representing the Danielson Girls' club and the girls' team of Woodstock Academy. The girls' team, the boys, have just transferred this contest from a preliminary rather to the all-star act of the evening and showed the so-called game between the Conn. Mills and the Allies Fine of Springfield down to the foot of the hill.

Manager Robert Pellerin of the Conn. Mills team was insistent Tuesday morning that his team and the Allies would furnish the main attraction, but the patrons of the popular sport were all in agreement with him; they assured him they know what they want to see and that they will be there to see it. The girls' team are to stage a regular bona fide contest. It is assured. The Danielson Girls' club team was only recently organized and its first appearance as a game team was on Tuesday night. The girls have been coached by members of the Conn. Mills' team, are said to show much proficiency in what all will agree is a really strenuous pastime.

The case of Mary E. Bark vs. the People's National Fire Insurance Company will be on trial in the superior court at Putnam today before Judge James H. Webb and a jury. In this action Attorney Bark is suing the defendant insurance company to recover the amount of a policy covering his cottage burned by an accident's lake about two years ago. The company has withheld payment of the policy because of the fact that the policy did not specify that the cottage was on land not owned by Mr. Bark, who contends that he ordered the policy so written as to show that fact. Scarle Russell and Bradford of Putnam are counsel for Mr. Bark, while the insurance company is represented by a Hartford firm of attorneys.

Employees of the Danielson and Plainfield Gas and Electric company were engaged on Tuesday in cutting away large limbs of a tree standing at a dangerous walk edge in Main street opposite the residence of Dr. F. P. Todd. The force of men were engaged throughout the day for the rather difficult and hazardous task, made more so on account of the necessity of protecting traffic from any damage through the operation.

Members of the new supply company gathered at the state armory Tuesday evening for their first period of instruction as a new organization. A considerable number of the recruits have had previous military training, but many had not, and the task of giving these some idea of training was undertaken with enthusiasm and accepted in the same manner.

The following is the programme for the musicale to be given by the Killingby Women's club this (Wednesday) afternoon:

Good residents are planning a farewell reception in honor of Agent Albert W. Boye of the Goodyear Mills company, who has resigned to become agent for the Manassett Manufacturing company of Putnam. Mr. Boye has been with Goodyear ever since the big corporation started doing business in Killingby and previously was with the Killingby Cotton mill, the predecessor of Goodyear in that village. He has been a resident about every man, woman, and child in the village and they are planning to do something for him that will linger in his memory.

Town employees are engaged in running a road scraper over various residential streets of the borough and are doing a first class job in eliminating ruts with which many of the thoroughfares were deeply ribbed from cars to curb. The early coming of road weather has made it possible to undertake this work.

Oliver A. Downs of Brooklyn, one of the largest potato producers in Windham county, has plans for planting another tremendous crop this spring. He has been very successful in the past with this particular line of agriculture and this year hopes to do better than ever, using a new variety of seed.

Seith Williams Danielson, chapter D. A. R., is to hold a meeting in the vestry of the Congregational church Thursday afternoon.

There will be a public high mass for the welfare of Ireland in St. Joseph's church, Danville Thursday morning. In the evening, following devotion, a lecture on Ireland is to be given by Rev. James J. Grady of Hartford, a former Danville boy.

PUTNAM

D. C. Park 64, in charge since 1913 of the Windham County Temporary Home for Children in this town, died at his apartments there Tuesday morning. Mr. Park's death came as a surprise to the people of this city, where he had lived and was well known. He had been in poor health for some time past, but his death was a surprise to all.

In all of the public offices he had held he had administered them with such care, skill and efficient manner as to merit the generous praise he received. With Mrs. Park his management of the county home was the unreserved approval of the county commissioners and the board of management and committee of visitors, all of whom sincerely regret his death.

Devitt Clinton Park was born in Amboy, N. Y., Nov. 8, 1856, a son of Smith and Harriet J. Stewart Park. His father was a native of the Empire state while his mother was born at Williams-town, Mass. Mr. Park was reared and educated at Salisbury, N. Y., to which place he moved after the death of his parents and where he remained until the age of 18, when he became a student in the Fairfield Seminary, at Fairfield, N. Y., where he pursued his studies for three years, after which he went to New York city and completed his education at the Sandy Creek High school.

In 1872 he moved to Putnam and for a year and a half was employed in the fish market of Edwin Perry. Later he worked in the grocery store of Chollar and Davis and afterwards was employed in the office of the Morse Mills for a year and a half, having been reappointed by Sheriff Charles B. Pomeroy and by his successor, Preston B. Sibbey. In 1902 he was appointed assistant jailer at Windham county jail at Brooklyn and served for eleven years, being reappointed by Sheriff Charles B. Pomeroy and by his successor, Preston B. Sibbey. When he took charge there were 54 children in the home, recently the number had increased to 125.

At Putnam May 10, 1876, Mr. Park married Miss Addie Elizabeth Houghton of Putnam, the daughter of Augustus and Elizabeth Houghton. They became the parents of three children, all born in Putnam. Alice E. is the wife of John F. Fallon of Boston and Hingham, Mass.; William H. is the wife of John F. Fallon of Boston and Hingham, Mass.; and Helen W. Holden of Prospect Harbor, Me.

In his political views Mr. Park was an earnest republican. He was a member of Guilford Lodge, No. 13, Masons, Putnam Chapter, R. A. M., Montrossville Council of Danielson, Columbian Commandery, K. T., of Norwich. Mr. Park was a past master of Vassar Putnam Lodge of Felling. He was a member of the Congregational church.

After being out an hour and three-quarters, Tuesday afternoon from 2.30 to 4.15—the jury in the case of Guy L. Baker vs. John T. Ryan brought in a verdict in favor of the defense. This case, which went on trial last week and in which the arguments were completed Tuesday forenoon has attracted unusual attention.

The action grew out of a collision between automobiles being operated by the defendant and occurred on the highway near Alexander's lake on a summer night in 1919. The Baker car was coming out of "Phillips" lane on to the main highway along which the Ryan machine—a public service car—was traveling toward Putnam. The plaintiff's side developed testimony to the effect that the Ryan car was traveling at a high rate of speed at the time of the crash, 40 to 45 miles an hour, but this was denied by the defendant, who claimed that his car was being operated at a very reasonable rate of speed. The defense contended that the responsibility for the accident rested upon the plaintiff for not exercising greater care in coming out of what was called a "blind" lane onto a highway where motor traffic was moving that Ryan was unable to see the lights of Baker's car and that it was incumbent upon Baker to have made certain that no cars were approaching along the main highway before venturing out upon it with his machine.

Mr. Baker was represented in the case by Attorney C. L. Torrey as counsel and Archibald Macdonald of this city and William A. King of Willimantic were attorneys for Ryan.

The Truth About Tea

Teas are so raised and blended and juggled in the trade that only experts can tell good tea. If you just say "tea" to your grocer, you can't be sure.

But if you ask for "Formosa Oolong" you get the tea prepared under the care of the Formosa Government—the tender young "shoots" and downy "tips" of the choicest tea plants.

Rich golden amber in color, of a body and flavor as smooth and mellow as a rare, ripe old wine. That is the real taste! Ask for genuine "Formosa Oolong"—sold under these brands:
